

Tom Rogers

Front-end Developer

tomrogersweb@gmail.com

HTML5, CSS & SCSS, JAVASCRIPT, REACT JS, USER INTERACTIONS/USER EXPERIENCE, ADOBE XD, FIGMA, WORDPRESS

As a skilled and ambitious front-end developer, I have gained experience in designing and developing responsive and visually appealing websites. My expertise in HTML, CSS, and JavaScript, along with my passion for solving complex problems and creating clean and efficient code, has enabled me to excel in my field. I am committed to expanding my technology portfolio and becoming a full-stack developer.

Education, Qualifications & Extra Curricular Experience –

- Currently pursuing a Digital Business and Technology Degree at the University of Salford (2020–23),
Key modules include Data Analysis, Mobile App Development, Information Systems, Principles of System Development, and BIT Web Development
- Achieved B grades in English Language, Business and Economics at Winstanley Sixth Form
- Completed Duke of Edinburgh Award and held the position of Deputy-Head Boy at Fred-Longworth High School
- Obtained 10 GCSEs at 8–6, including Computer Science, English, Maths, Science, Business, and French
- MIMO certified web development course

Industry Experience –

- Tenet Consultants – During my experience with this Tenet, I became confident in my abilities as a web developer, in particular, my ability to communicate design ideas and project development, on top of learning a new skill, WordPress.

Work Experience –

- July 2018– present – Sous chef at Applewood Farm Restaurant and Carvery
- Working as a sous chef in a very busy kitchen, co-ordinating with my team during very busy periods and maintaining health and safety standards.

Personal Development –

- Built an NFT concept website as a personal project
- Created my own personal portfolio website as a hub for my career
- Continuously learning new skills to expand my technology portfolio
- Strong ability to communicate design and project development
- Strong coordination skills and experience gained through working in a fast-paced kitchen environment.
